

**1. PRODUCT IDENTIFICATION AND MANUFACTURER**

1.1. Product Identifier

**Trade Name:** Lurol PP-3771  
**CAS Number:** Mixture/Proprietary

1.2. Relevant identified uses of the substance/mixture and uses advised against

**Product Use:** Spin Finish  
**Uses Advised Against:** None known

1.3. Supplier Details

**Address:** Goulston Technologies, Inc. P.O. Box 5025, Monroe, NC 28111  
**Phone:** (704)289-6464  
**e-mail:** [safety@goulston.com](mailto:safety@goulston.com)

1.4. Emergency Phone Number

1-352-323-3500 (InfoTrac)

**2. HAZARDS IDENTIFICATION**

2.1. Classification of the substance/mixture

**Classification According to EU Regulation 453/2010/EC:** Xi-Irritant  
**Hazards:** Irritating to the eyes and skin

**Classification According to GHS**

Eye Irritation-Category 1  
Skin Irritation-Category 2  
Hazardous to the Environment- Category 3

**Adverse human health and environmental effects:**

No data available

2.2. Label Elements

Labeling According to GHS

Pictogram:

Signal Word:

Danger

Hazard Statements:

Causes serious eye damage (H318)  
Causes skin irritation (H315)  
Harmful to aquatic life (H402)

Precautionary Statements:

Wash hands and face thoroughly after handling (P264)  
If eye irritation persists: Get medical advice/attention (P337+P313).  
IF ON SKIN: Wash with plenty of water (P302+P352)  
If skin irritation occurs: Get medical advice/attention (P332+P313)  
Take off contaminated clothing and wash it before reuse (P362+P364).  
Store in a well-ventilated place. Keep container tightly closed (P403+P233)

Store locked up (P405)  
Dispose of contents/container to approved waste disposal plant. (P501)

2.3. Hazards  
No data available

2.4. Remarks  
None

### 3. COMPOSITION/INFORMATION ON HAZARDOUS INGREDIENTS

| COMPONENT           | CAS#        | PERCENT |
|---------------------|-------------|---------|
| Ethoxylated Alcohol | Proprietary | 1-10    |
| Anionic Antistat    | Proprietary | 5-15    |

### 4. FIRST AID MEASURES

#### 4.1. Description of First Aid Measures

Inhalation: Remove victim to fresh air; get medical attention if trouble breathing  
Skin: Flush with generous amounts of water; get medical attention if rash or irritation develops  
Eye: Flush with generous amounts of water; get medical attention if stinging or vision problems persist  
Ingestion: Do not induce vomiting; get immediate medical attention

#### 4.2. Most important symptoms and effects, both acute and delayed

Eye irritation or damage  
Skin irritation

#### 4.3. Indication of any immediate medical attention and special treatment needed

None known

### 5. FIRE FIGHTING MEASURES

#### 5.1. Extinguishing Media

Suitable: Dry chemical, foam carbon dioxide; Water may be used to cool fire-exposed containers  
Unsuitable: None known

#### 5.2. Special Hazards

None known  
Combustion Products: Thermal decomposition products may include, but not limited to, oxides of carbon, phosphorous, and nitrogen

#### 5.3. Advice for Fire Fighters

Full protective clothing including NIOSH approved self-contained, positive pressure or pressure demand breathing apparatus; do not flush down drains or sewers

### 6. ACCIDENTAL RELEASE MEASURES

#### 6.1. Personal Precautions

Avoid contact with material; contact appropriate spill clean-up personnel

#### 6.2. Environmental Precautions

Do not allow material to reach natural waterways or drains/sewers

6.3. Clean-up Methods

Use absorbent material to collect small spills for disposal/dikes and vacuum pumps should be used to contain and remove large spills

6.4. Reference to other sections

Refer to Sections 8 and 13

6.5. Hazchem Code

Not applicable

---

**7. HANDLING AND STORAGE**

7.1. Safe Handling

Do not get in eyes, on skin or clothing; do not breathe vapors or mists; keep container closed; use only with adequate ventilation; use good personal hygiene practices; keep away from heat and flame

7.2. Safe Storage

Store in tightly closed containers in cool, dry, well-ventilated area away from heat or sources of ignition  
Store at ambient temperature out of direct sunlight  
Empty containers may contain irritating or combustible residue or vapors

---

**8. EXPOSURE CONTROLS/PERSONAL PROTECTION**

8.1. Control Parameters

Exposure Limits: None established

8.2. Exposure Controls

Special Engineering Measures: None Required

Hand Protection: Gloves- impermeable (also consider your own risk assessment; i.e. breakthrough times, rates of diffusion and degradation, tasks undertaken)

Eye Protection: Chemical safety goggles or glasses

Respiratory Protection: Respiratory protection is not normally required if good ventilation is maintained and exposure guidelines are not exceeded

Other Information: Eye bath and safety shower; avoid contact with skin and eyes; wash hands before and after breaks and immediately after handling the product; Do not allow material to enter drains/sewers or natural waterways

---

**9. PHYSICAL AND CHEMICAL PROPERTIES**

9.1. Basic Properties

|   |                                       |
|---|---------------------------------------|
| Physical State:                           | Liquid                                |
| Color:                                    | Clear, yellow                         |
| Odor/Odor Threshold:                      | Characteristic odor/No data available |
| pH, 5%, @25 °C:                           | ~5.2                                  |
| Melting Point, °C:                        | Not measured                          |
| Solidification Point, °C:                 | Not measured                          |
| Boiling Point, °C:                        | Not measured                          |
| Flash Point, °C:                          | >100                                  |
| Relat. evapor. rate comp to butylacetate: | N/A                                   |
| Flammability (solid, gas):                | N/A                                   |
| Explosive limits:                         | Not explosive                         |
| Vapor pressure:                           | Not measured                          |
| Relative vapor density at 20C:            | Not measured                          |

|                            |                   |
|----------------------------|-------------------|
| Relative density:          | Not measured      |
| Solubility in Water:       | Soluble           |
| Log Pow:                   | No data available |
| Self-ignition temperature: | No data available |
| Decomposition temperature: | No data available |
| Viscosity, @25 °C, cSt:    | ~ 92              |
| Explosive Properties:      | Not explosive     |
| Oxidizing Properties:      | Not applicable    |

- 9.2. Other Properties  
Percent Volatiles@25 °C: ~10.5 (as water)

---

## 10. CHEMICAL STABILITY AND REACTIVITY

- 10.1. Reactivity  
Hazardous polymerization will not occur
- 10.2. Chemical Stability  
Stable under normal conditions
- 10.3. Possibility of hazardous reactions  
None under normal conditions
- 10.4. Conditions to Avoid  
None known
- 10.5. Incompatible Materials  
Strong acids, bases; Oxidizing and reducing agents
- 10.6. Hazardous decomposition products  
Decomposition Products: Thermal combustion products may include oxides of carbon, phosphorous, and nitrogen

---

## 11. TOXICOLOGICAL INFORMATION

|                         |   |
|-------------------------|---|
| Acute Toxicity:         | Not classified  |
| Irritation:             | Product not tested. Classified as Eye Irritation-Category 1, Skin Irritation-Category 2 |
| Corrosivity:            | Not classified  |
| Sensitization:          | Not classified  |
| Repeated dose toxicity: | Not classified  |
| Carcinogenicity:        | Not classified  |
| Mutagenicity:           | Not classified  |
| Reproductive toxicity:  | Not classified  |

---

## 12. ECOLOGICAL INFORMATION

- 12.1. Toxicity  
Ecology-general: This product is classified as harmful to the aquatic environment  
Aquatic Toxicity: No data available; product not tested. Classified for Hazardous to the Aquatic Environment-Acute Category 3
- 12.2. Persistence and Degradability  
No data available

- 12.3. Bioaccumulative potential  
No information available
- 12.4. Mobility in soil  
Accidental spillage may lead to penetration in the soil and groundwater; No information available on soil mobility
- 12.5. Results of PBT and vPvB assessment  
This information is not available
- 12.6. Other adverse effects  
No information available

---

**13. DISPOSAL CONSIDERATIONS**

- 13.1. Waste Disposal Recommendations  
Do not allow material to drain into sewers/water supplies; Do not contaminate ponds, waterways or ditches  
Use appropriate guidelines to dispose of containers
- 13.2. Waste Code  
Should be assigned by the user
- 13.3. Additional information  
Empty containers should be taken for recycle, recovery or waste in accordance with local regulation

---

**14. TRANSPORT INFORMATION**

**49 CFR-DOT** Not Regulated  
UN-number:                      Hazard Class:                      Packing Group:  
UN proper shipping name:

**IATA** Not Regulated  
UN-number:                      Hazard Class:                      Packing Group:  
UN proper shipping name:

**IMDG** Not Regulated  
UN-number:                      Hazard Class:                      Packing Group:

## 15. REGULATORY INFORMATION

- 15.1. German Water Classification: No information available
- 15.2. US Regulations
- |                      |   |
|----------------------|---|
| Inventory Status:    | All components are on the TSCA inventory or meet one of the exemptions  |
| SARA 311/312:        | Acute   |
| SARA 313:            | None known  |
| California Prop. 65: | This product may contain the following material(s) known to the state of California to cause cancer, birth defects or other reproductive harm: None greater than 0.1% |
| State Right-to-Know: | None greater than 0.1%  |

---

## 16. OTHER INFORMATION

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information, and belief at the date of its publication. The information given is designed only as guidance for safe handling, use, processing, storage, transportation, disposal, and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
